

## **HIGH SCHOOL JOB SHADOW PROGRAM**

The Oregon Coast Aquarium offers job shadow opportunities to high school juniors and seniors. Outstanding sophomores required by their school may also apply.

**Job Shadows are available on the third Wednesday of each month October through the end of May (occasionally during Lincoln County spring break as well) in the following departments:**

- Marine mammal
- Bird
- Fish and invertebrate
- Other departments upon request

Each shadow offers one student a chance to spend four hours (mornings only) to see how our keepers take care of our animals and what their jobs are like. Afterwards students spend a half hour with a staff member from the public programs department discussing their experience and marine careers.

### **How to apply:**

Fill out and send complete application (preferably typed) to address below. Applications may be sent in via mail, email or fax.

Please note that shadows are filled on a first-apply-first- scheduled basis. Applications will start being accepted the last week of August and continue to be accepted throughout the year until all shadows are filled.

If you need a longer career related learning experience, please inquire about our youth volunteer program.

Mail, fax or e-mail your request to: Youth Program Coordinator
